

Website and Communication Committee
February 9, 2020 at 10:30
Building One Conference Room

Present:

Valerie Biebuyck, Board Liaison

Kay McAuliffe

Charles Lansberg (present from 10:50 - 11:10)

Valerie opened the meeting at 10:32.

Discussion ensued about lack of owner participation. Kay suggested that a committee might not be necessary and that suggestions or comments about content or updating could be brought directly to the Management Office.

Charles and Kay expressed dissatisfaction with the new website and its resident address book. Charles said he would follow up with Frontsteps, the company that purchased Bel Mare's previous website provider, to see if he could get it back.

Valerie asked to consider advertising as a possible means to obtain revenue that could be put back into the website to upgrade features. Kay said that this had been tried unsuccessfully several years ago.

The meeting adjourned at 11:45.
