

**Bel Mare Landscape Committee Meeting**  
**March 1, 2022**

**Present:** Pat Ewer, Chair, Giselle Stolper, Thea Tokajer, Karren Shuppe, David Peterson (Board liaison), Mark Muzzy

The Committee discussed the Spring Annual installation in the front circles and outside the guard house. They agreed to keep the blue daze in the front circles and plant new annuals behind them. The first choice for planting is inpatiens, preferably coral and purple colors. If inpatiens are not available, the Committee's second choice is vinca, similar colors if possible.

The Committee also asked that draping vincas or other draping plants be added to the front circle century planters.

Mark Muzzy will request that the annual installation be done in early May and will place the order with P&L Landscaping, our vendors.
