Election of officers and official members of Committee are on hold until next meeting.

Joanne Introduced a discussion regarding various upgraded ideas in reducing the Mail Room clutter which, on occasion, down grades the Lobby, building entrance, to our homes.

Adel Jamil suggested the possibility of securing an Architect for general suggestions in updating the Lobbies. Adel agreed to per-sue his idea and bring to Committee his progress at the next meeting.

Board President, Nancy, stopped by and answered various questions regarding the procedures viable in moving forward with this committee's goal of bringing Bel Mare forward as the prestigious and valuable real-estate it has the potential to become.

Meeting was adjourned around noon with great interest in hearing progress on Adel's idea to provide a memorable "Wow Factor" to the lobby. It is agreed this level of upgrade will bring Bel Mare to the desired real-estate level it has yet to enjoy in its life time.

Respectfully submitted,
Karren Shupe
2022 Co-chairman
